

OUR HOME AWAY FROM HOME

KOLBE HALL

Are you a future student of OLSM? Are you in need of a challenge? Do you want a change, a chance to begin your independence?

Well, here is your chance. St. Mary's Preparatory is one of the only schools in the state of Michigan that offers a fully state certified boarding program. This program challenges the students and allows them to shape, mold & build on their own Christian character. They have the opportunity to become better prepared, efficient, and effectively learn how to grow and succeed within the framework of a proven time management system. Living on campus offers students many advantages, such as:

- A structured and standardized sense of living
- Role models that supervise and promote a positive living environment
- A supervised study table
- After School Study Programs
- Discipline
- Camaraderie & Fellowship

If you're interested, James Gonzales, the Dean of Resident Students would like to hear from you. Please fill out the bottom portion of this flyer and send it back with your school information. We will immediately send you a Boarding School Packet & Handbook.
